Board Mounted Heat Sinks

Heat Sinks for IC Packages
- BGA 12–19
- DIP 21–23

Surface Mount Discrete Semiconductor Packages
- D-PAK 24–25
- SO 24
- SMT Footprints 26

Thru-Hole Discrete Semiconductor Packages
- TO-220 27–50
- TO-220 and TO-262 51–53
- TO-220, TO-218, and TO-247 53–58
- TO-220 and TO-202 59
- TO-220, TO-218, TO-247, and Multiwatt 60–61
- TO-218 62
- TO-202 63–64
- TO-126 65
- SIP 66–67
- TO-92 68
- TO-3 69–73
- TO-66 74
- TO-5 75–76
- Axial Lead Devices 77
- Bridge Rectifiers 77

Index D = "Thermalloy" Origin Parts w/Options 85

Interface Materials

In-Sil™, Kondux™, Grafoil® Pads 86
Hi-Flow®, Alignment Pads 87
Double Sided Tape Options (Factory Applied) 88

Labor Saving Heat Sink to Board and Semiconductor Mounts

Wave-On™ Mounts, Semiconductor Mounts, Shur-Lock™ Tabs, Solderable Tabs, Solderable Pins 89–94
Solderable Nuts, Clinch Nuts, Solderable Studs, Device Mounting Studs 94–96

Clips

Kool-Klips™ 97
Thermal Clips 98

Accessories

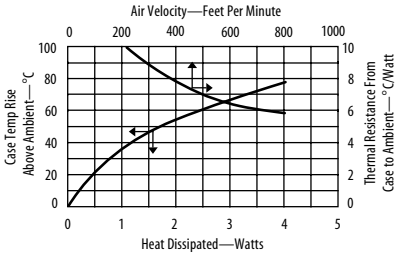

Mounting Kits 99
Insulating Shoulder Washers 100
Insulators–Thermalfilm™ and Thermalfilm™ MT 101–102
Insulators–Mica and Thermasil™ III 103
Insulating Washers/Aluminum Oxide 104
Insulating Stanchion Pads 105
Insulating Covers 106
Mounting Pads 107–109
Finishes 110
Card Ejectors & Guides 111
Thermal Greases and Epoxies 112–115

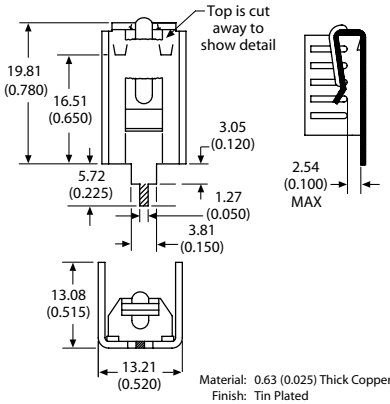

TO-220 Heat Sinks

7141 Copper narrow channel style heat sink with integrated clip

Copper narrow channel style heat sink with integrated clip and locking tab for secure attachment to the device. Single center tab can be soldered directly to the PC board.

Material: 0.63 (0.025) Thick Copper
Finish: Tin Plated

ORDERING INFORMATION

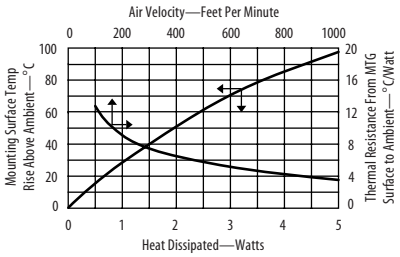

Part Number	Description	Dia of PCB Plated Thru Hole for Tabs
7141DG	Narrow channel heat sink with integrated clip	2.77 (0.109)

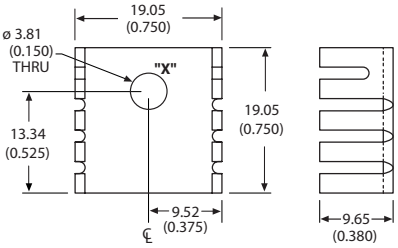

5073 Economy, narrow base, low profile channel style heat sink

Grease & Epoxy page112
Mounting Kits page 99

Economy, narrow base, low profile channel style heat sink is perfect for use on printed circuit boards with 0.500 inch centering. When mounted horizontally, the total height of the heat sink is just 0.380.

Material: 1.27 (0.050) Thick Aluminum
Finish: See Table

ORDERING INFORMATION

Part Number	Finish
507302B00000G	Black anodize
507302J00000G	Pre-black anodize*

* Edges cut during the manufacturing process will be unfinished. See page 110 for more information

POPULAR OPTIONS: 507302 _ 000 00G

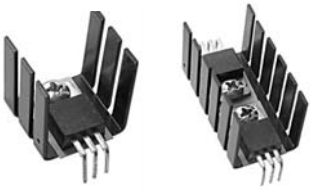

Base part no. — A

Position	Code	Description	Location	Details
A	09	Stud 4–40 x 0.350 LG	Hole X	Page 96

For additional options see page 82

5041, 5042 Economy, narrow base, low profile channel style heat sink

Grease & Epoxy page112
Mounting Kits page 99

Economy, narrow base, low profile channel style heat sink is perfect for use on printed circuit boards with tight component spacing. Models are available for single and dual device mounting.

FIGURE A

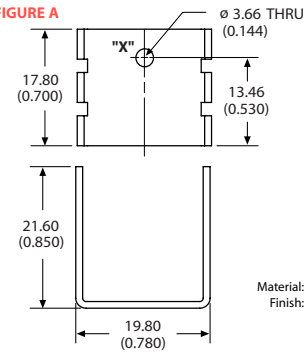

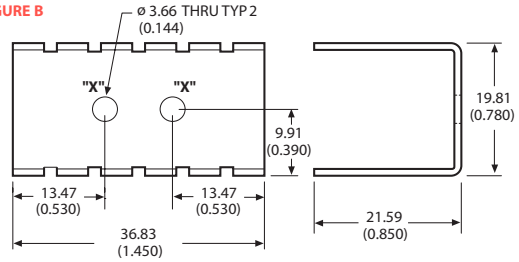

FIGURE B

Material: 1.02 (0.040) Thick Aluminum
Finish: Black Anodize

ORDERING INFORMATION

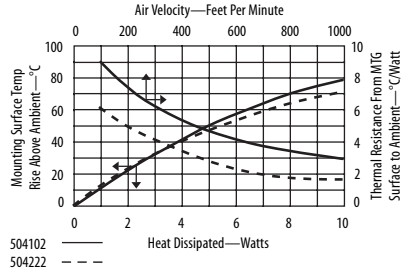

Part Number	Description	Figure
504102B00000G	Economy, narrow base channel style heat sink	A
504222B00000G	For dual devices	B

POPULAR OPTIONS: 504_ _2B00000G

Base part no. — A

Position	Code	Description	Location	Details
A	01	6-32 Wave On threaded insert 0.100 stand off	Hole X	Page 89

For additional options see page 82
